# What do we do?

Gyanshetra is a one stop solution to all your admission problems right from the application form till your admission. We work on the concept of information aggregation, e.g. When you book a flight ticket you do not refer to the previous year's price of the ticket but go in for real-time prices and schedule available on a particular date. Gyanshetra does the same for you- we give you personalized information support- on real-time basis to help you get the best college. It means "you get profile-based information support which is customized according to your preferences, score, requirement, domicile, etc."

Counseling and Admission process is a painful task and it keeps on changing every year. All the chaos, commotion and problems might dishearten you and you might end up taking the wrong college option.

**Once you enroll an executive is allocated to you who will work closely with you round the clock and look into your profile**, what exactly you are looking forward, our advice and of course you will get something extra every time. In-short helps you with all your admission queries and problems

## FEEDBACK FROM A PARENT

"Our experience with your group is an unforgettable one... a fond memory." Gyanshetra to us means encyclopaedia of colleges and universities. Full of knowledge and energy. They always available 24x7, God only knows when does they sleep. I have called them at various times they are always there to guide you with a pleasant voice. The kind of service and information we have received from this organization is really commendable. Gyanshetra has every update about the medical colleges. They not only share detailed analysis with you but also share their view point about these colleges and recommendations which is very helpful. It's because of guidance only my ward has got admission in one of the best Government medical colleges in India. I salute them for all the help rendered to us. Gyanshetra is an asset for parents like us. Thanks Gyanshetra for being there for us.

Personalized Information Support system- is based upon Real-time Information where your allocated executive gives you details about everything you need. You get everything under one platform from the application form, to college quality, to fee and admission details, etc.

Your allocated executive will give you complete details about Application Form, Slot Booking, Admit Card, etc via Mail, WhatsApp and Call. So that you don't miss out on even the minutest details and are up-dated with everything related to admission.

### Strategy:

When it comes to taking admission- strategy plays an important part. Here we give you complete details about choice filling, your back up option, live counseling update, whether you should go for counseling or not. Everything is taken care of by your allocated executive based upon your profile.

### Choice Filling:

Most important part in the admission process. *Feedback given by one of the parents "The choice filling in correct order or priority is very important, otherwise, you may miss some good option at the time of different round of JOSSA counselling"*

Common mistakes done by you while doing choice filling is keeping limited options, choices based upon Cut-Off, Word of Mouth, Incomplete Information, etc. The factors one should consider while doing choice filling are Quality Faculty, Infrastructure, Student Quality, Placements, etc. This will decide your college and branch for the next 4 years.

If you do not get this part right no matter what's your rank, you might end up in a college you don't deserve. Here your allocated executive will work closely with you and take into account your requirements before finalizing the choice filling. "In short, It's Customized according to you".

### Real-time Updates:

What you require during the admission process is real-time updates about colleges. Previous year data is only for reference purposes, trust us it won't help you during the counseling. You need information about current status, seat availability, etc. Your allocated executive will guide you with all such questions.

### Colleges Analysis:

It's important to find the college that best suits you. So, once you have all the options in hand, we do college analysis based upon your profile, options, interest and help you zero down on the college based upon your preferences and your future lookout. We don't recommend college based upon certain prejudice but take a holistic picture.

### Spot Round/Vacancy Round:

Counseling conducted for the left over Seats after the normal counselling round is called Spot Round and its physical. This is the most important part of the admission phase where the unexpected can happen- and you might get a seat which you might not even thought of during the normal round of the counseling. During the mop-up round of counselling nothing can be predicted and every year brings with itself its share of surprises. With this round, nothing can be said about it by sitting at the office. Here we send our executive to the designated authority to get the details about vacancy seats, rules and when is the counselling. Thereafter a strategy is provided to

**Personalized Information Support system-** is based upon Real-time Information where your allocated executive gives you details about everything you need. You get everything under one platform from the application form, to college quality, to fee and admission details, etc.

Get details about the Application Form, Slot Booking, Result, etc., via Mail, WhatsApp and Call by your allocated executive. This is the 1st step and important part of admission process, if you miss on this than no matter what is your rank you will be out of the admission process.

### Strategy

Your allocated executive will make a strategy by giving you complete details about where you stand, what should be the back-up options, choice filling if more than one counselling is there on the same day where should you go, etc.

### Choice Filling

Most important part of the admission process. If you do not get this right no matter what's your rank, you might end up in a college you don't deserve. Feedback given by one of the parents "The choice filling in correct order or priority is very important, otherwise, you may miss some good option at the time of different round counseling" Majority of students fill very limited options based upon previous year cut-off, word of mouth, incomplete information, etc. The factors one should look before choice filling are Quality Faculty, Infrastructure, Student Quality, etc. We not only give you the choice filling but also reason for the order like - Hospital Beds, Pg Seats, Total Fees, Bonds etc are explained in detail. Here we work closely with you and take note of your conditions before final choice filling. The choice filling is customized according to your profile

### Real-time Updates

There is a difference between **DATA & INFORMATION**. Previous year data is of no help for getting into a dream college, it's only for reference purposes. What you need is real time information about every college, state, etc 24\*7. You need timely updates about everything related to admission like what is the counseling status, seat vacancy, last minute approval etc. here your allocated executive will guide you with all such questions.

### College Analysis & Comparison

It's important to find the college that best suits you. We give you complete analysis about each and every college with respect to the college Fees Structure, Bond Details, Quality Of Faculty, Students Quality, Infrastructure, Academics, Post Graduation Seats in that college and state etc. It's important to have the college comparison done before hand as we have all options in hand because leaving a medical college after a certain period of time is expensive. We don't recommend college based upon certain prejudice but take a holistic look.

### Stray Vacancy/Mop-up Round

It's physical counseling which is conducted after the completion of normal round of counseling i.e Round 1 & 2. It's only for those students who have not taken admission anywhere in the country or have their original documents on the day of counseling. Here we send our executive to each college/ DMER offices beforehand to collect the data of vacant seats, rules and when is the counseling going to be conducted. Thereafter a strategy is suggested based upon the data collected as all counseling across India takes place within those 3-4 days.

## Strategy:

PG is branch-specific, unlike MBBS/BDS so strategy is important else you will miss out on opportunities. Your allocated executive will look into your profile and guide you as to where you stand, what should be the back-up options, choice filling etc.

## Choice Filling:

Most important part of the admission process. Feedback given by one of the parents *"The choice filling in correct order or priority is very important, otherwise, you may miss some good option at the time of different round of counseling"* Majority of students fill limited options based upon previous year cut-off, word of mouth, incomplete information, etc. The factors one should **consider before doing choice filling are Quality Faculty, Infrastructure, Student Quality, etc.** We not only give you choice filling order but why it has to be in that order based upon conditions like – Patient Inflow, OPD's, Operation Conducted, Bond Conditions, etc are explained in detail. Any mistake in your choice filling can eliminate a good college based upon wrong assumptions. **Here we work closely with you and take into account your needs before finalizing the choices to be filled. The Choices are customized according to your profile-** based upon branches you are looking into, location, etc.

## Real-time Updates:

There is a difference between **DATA & INFORMATION**. Previous year data is of no help into a dream college, it's for reference only. For getting into desired college and branch, you need real-time information update about college, State Counseling, Colleges Getting Last-minute Approval, Current Status etc. Your allocated executive will guide you with all such questions.

## College Analysis & comparison:

It's important to find the college that best suits you. We give you complete analysis about each and every college with respect to the college fees structure, bond details, patient inflow, infrastructure, super-specialty in the college etc. It's important to have the college comparison done before hand as we have all options in hand because leaving a medical college after a certain period of time is expensive. We don't

## Stray Vacancy/Mop-up Round:

Counseling conducted for the left over Seats after the normal round is called Spot Round. It's conducted manually in the college campus. It's only for those students who have not taken admission anywhere in the country or are in possession of their original documents on the day of spot counseling. This is the most important part of the admission season where the unexpected can happen. During the mop-up round of counseling nothing can be predicted and every year brings with itself its share of surprises. Here we send our executive to each college/ DMER offices beforehand to collect the data of vacant seats, rules and when is the counseling etc. Thereafter a strategy is suggested based upon the data collected as all counseling across India takes place within those 3-4 days.

The NRI admission process is tiresome as Rules And Regulations of each and every state keeps on changing based on new norms and regulations. So one has to be extra careful while applying under NRI Category because once the application form is rejected or missed out nothing could be done. Every state comes out with separate application form which could be online or offline. Majority of the admission under NRI Category are offline.

### Notifications

Get details about the Application Form, Eligibility Criteria via Mail, Whatsapp and Call by your allocated executive. If you miss out on the application form then you will not be eligible under NRI category.

### Strategy

After looking at your profile your executive makes a strategy accordingly by giving you complete details about which is the best options based upon your profile, what should be the Back-up Options, Choice Filling, etc.

### Choice Filling

Most important part of the whole admission process. If you do something wrong in choice filling than it's a missed opportunity. **Feedback given by one of the parents "The choice filling in correct order or priority is very important, otherwise, you may miss some good option at the time of different round of counselling"** Choice filling should be done based upon factors like **Quality Faculty, Infrastructure, Student Quality, etc.** We just don't only give you details about choices to be filled but why it has to be in that order based the above conditions are explained in detail. **We work closely with you and take into consideration your needs before finalizing the choices to be filled. The choice filling is customized according to your profile**

### Real-time Updates

There is a difference between **DATA & INFORMATION**. Previous year data is of little help in terms of NRI admission. What you require are the rules for the current academic year like which states have changed the rules, chances of getting a seat, real time update, etc. Here your allocated executive will guide you

### Colleges Analysis

This is an important part and based upon your profile we let you know which colleges need to be considered because leaving medical college after a certain period can be very costly. This is done before the start of the counselling so that you don't miss out on anything. We give you complete analysis about each and every college with respect to the college fees structure, bond details, patient inflow, infrastructure etc.

# COUNSELING PROCESS FOR MEDICAL UG & DENTAL UG

With NEET, the counseling process is either conducted by State Government or MCC (DGHS) for all Medical colleges across India (Government, Semi- Government, Minority, Private and Deemed) including AIIMS and JIPMER from 2020. Today no college is authorized to take direct admission or conduct counseling for NEET qualified candidate.

## Counseling authority

## Director General of Health Services (DGHS)

Here all the seats are under All India Quota

AIQ 15% Seats of State Government college

100% seats of Central Universities

100% seats of Deemed Universities

## Directorate of Medical Education (DME)

85% seats of State Government colleges

100% seats of Private Medical college

It depends on the concerned state that whether they want to reserve any seat for the State Quota students or not

## How has this happened?

- As per **Supreme Court Judgement** Writ Petition (Civil) No. 267/2017 DAR-US-SLAM EDUCATIONAL TRUST only **Central Government & State Government Counseling Authority** can conduct the **counseling** for **NEET**.

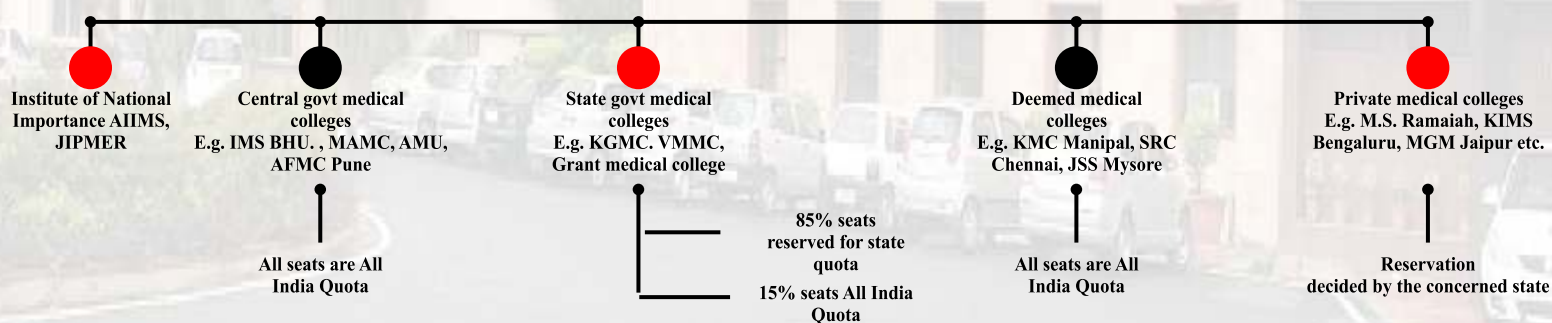

The **National Medical Commission Act, 2019** provides for common national entrance test - NEET - along with common counseling for MBBS including institute of national importance like AIIMS and JIPMER

## BASIC COUNSELING POLICY

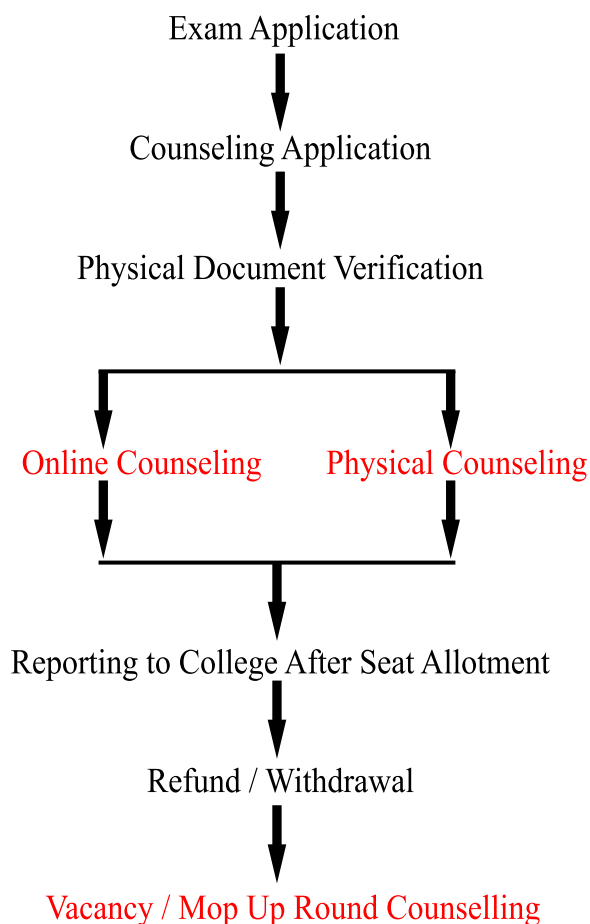

S.No.	Round	Free Exit	Exit with forfeiture of fees	Ineligible for further counseling	Amount of registration fee
1.	AIQ I/Deemed	✓			
2.	AIQ II/Deemed		If not Joined	If joined	Government-Rs. 10,000 (half for SC/ST/OBC) Deemed Rs. 2,00,000
3.	State Quota I	✓			
4.	State Quota II		If not Joined	If joined	Government-Rs. 10,000 (half for SC/ST/OBC) Private Rs. 1,00,000
5.	State Quota Mopup			If joined	
6.	Deemed Mop-Up			If joined	

**Note: The above table is provided by MCC. The Rules can be different for state Government. They might not charge any security fees or the criteria for the forfeiture of fees can be different**

## Seat Distribution of Medical Colleges

## COUNSELING PROCESS

### 3 Offline Allotment

Here one has to be physically present at the counseling venue of the concerned State DME to get the allotment eg. For IPU Delhi or KEA (Karnataka) etc student has to be physically present at the counseling venue.

You need to carry required documents along with the Fees/ Demand Draft even before the allotment of seat. After allotment you report to the allotted college and complete the formalities.

**Underlying Problem:** Both the counseling process that is online and offline are conducted simultaneously in the span of 2 months, where at least 50 + counseling's are conducted excluding MOP UP round, which makes the process tiresome. NO Real time information update- so you need to be physically present.

## COUNSELING PROCESS FOR B. TECH

### Do you think JEE is enough for getting into college?

Once you are done with the entrance exam, here is the trickiest part that awaits that's counseling process for Btech- which is full of counseling forms, choice filling, spot around, withdrawal policy etc. Also some colleges (for e.g. VIT, SRM, Manipal etc.) doing the counseling even before the government colleges.

### 1 Counseling steps in (Medical & Dental) UG are:

1) Registration: Every State, Union Territory and Central government (DGHS/MCC) comes up with their own registration and counseling process for admission.

*You are only eligible to claim a seat where you have registered.*

2) Seat Allotment Process:

- Online Allotment
- Offline Allotment

IMPORTANT NOTE: A student can claim a government medical college seat only by 2 ways

A: State counseling- if you have the domicile of the state

B: 15% All India Quota seats(AIQ)

### 2 Online Allotment

Here everything is done online till you have the allotment. Firstly you need register for counseling e.g, for AIQ or Madhya Pradesh counseling etc you need to register first, fill you details and make the payment for participating in the counseling.

Then fill choices online by considering factors like fee structure, seat matrix, PG seats etc. Then online allotment is done on the basis of merit and the choices filled.

Post Allotment Steps

1. Download the allotment letter
2. Prepare the required documents
3. Make the DD for fees or do the payment via RTGS (If available)
4. Report to the college in given period of time

## Important Steps in B.Tech Counselling process:

### ENTRANCE EXAM APPLICATION

In Engineering there are 3 types of exam category

- National Level Exams: JEE Mains, JEE Advanced
- State Level Exams: WBJEE, MHTCET, COMEDK etc.
- College Level Exams: BITSAT, IIIT Hyderabad, IISER, NEST, VITEEE, MUOET etc.

Majority students are not aware about various exams.

### COLLEGE/COUNSELING APPLICATION FORM

Entrance exam is just the 1<sup>st</sup> stage of the admission process; post exam colleges come out with their own counseling form and have separate admission process. There are 2 types of Counseling process:

For e.g:

- ✓ Centralize Admission Counseling: JOSAA, JAC Delhi, JAC Chandigarh, IP University etc
- ✓ Independent Admission Counseling: IISC Bangalore, IIST, IIIT Hyderabad, IISc Bangalore etc.

This is a very important part because if you don't apply separately for counseling you won't be eligible for admission.

### SEAT ALLOTMENT PROCESS

An important step because most of the students & parents are unaware about the process. There are 2 ways by which the counseling is conducted:

Online Allotment

Offline Allotment

Before going forward for the process, it's important that you are aware as to on what basis you will choose a college and branch. Before doing the choice filling you have to look into factors like:

- What will be the Branch Preference?*
- How is the faculty quality?*
- What about the Student Quality?*
- What kind of companies visits the College?*
- How good is the alumni base?*
- What kind of infrastructure (College & Hostel Facilities) we will get? etc*

After deciding on the above mentioned parameter you fill your choices either online or offline.

#### a) Online Counseling:

Here everything is done online till you have the allotment. Firstly you need register for counseling, fill you details and make the payment for participating in the counseling.

Then fill choices online by considering factors **like student quality, faculty, placement etc.** Than online allotment is done on the basis of merit and the choices filled.

1. Download the allotment letter
2. Prepare the required documents
3. Make the DD for fees or do the payment via RTGS (If available)
4. Report to the college in given period of time

#### b) Offline Counseling:

Here the student has to be physically present during the counseling process. The seat allotment is done on the spot and if you get a seat then the fee & documents will be deposited. The difficulty in this process is in every round you to go to the respective college may be take a seat or upgrade your choice.

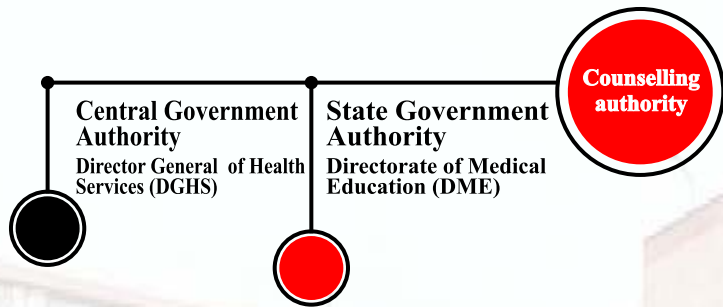

### SPOT/MOP UP ROUND COUNSELING

This round takes place almost in every college due to non-joining of students. It is conducted after all the counseling ends (Starts from end of July till 31<sup>st</sup> August). This round is completely Offline. Problem is in receiving information about vacancy, as colleges give 1-2 days time from the publication of notice to Counseling. So if you don't have the information on time you cannot go for the counseling

### Counseling steps in PG Medical/MDS are:

**1. Registration:** Every State, Union Territory and Central government (DGHS/MCC) comes up with their own registration and counseling process for admission.

*You are only eligible to claim a seat where you have registered.*

**2. Seat Allotment Process:**

- Online Allotment
- Offline Allotment

**IMPORTANT NOTE:** A student can claim a government medical college seat only by 2 ways

A: State counseling- if you have the domicile of the state

B: 50% All India Quota seats(AIQ)

2

### Online Allotment

Here everything is done online till you have the allotment. Firstly you need register for counseling e.g. for AIQ or Madhya Pradesh counseling etc you need to register first, fill your details and make the payment for participating in the counseling. Then fill choices online by considering factors like **Fee Structure, Seat Matrix, College Quality, Hospital Condition etc.** Then online allotment is done on the basis of merit and the choices filled.

**Post Allotment Steps**

1. Download the allotment letter
2. Prepare the required documents
3. Make the DD for fees or do the payment via RTGS (If available)
4. Report to the college in given period of time

# Customer Feedback

**Ishita**  
657, Sector 13, Hisar, Haryana

Its my pleasure to give another **Recommendation Letter for Gyanshetra Team as Its mine consecutive 2<sup>nd</sup> year to get the guidance from you regarding admissions in Medical and Engineering colleges.** Last year mine 2 niece Ms Ritu and Ms. Purvansha got admission in medical colleges and this year my daughter Ms. Ishita and nephew Mr. Bhrihu got admission in Medical college and IIT Dhanbad, respectively under Madam guidance. Once again I congratulate you and your team for getting success in getting the admission of various aspiring students to reputed Medical and Engineering colleges with minimum fee structure depending upon their merit in entrance tests.

Madam and her team is really working hard to bring happiness in the parents of so many students, who aspires their wards to become a Doctor or Engineer from a good reputed Institute. Madam is so much experienced that she tells in advance the chances of a candidate in getting admission to a particular Institute depending upon their merit. I can say this with very confidence because I have experienced the same in all my four cases. This is possible only because of their long experience, hard work and time spent on each candidate. Like others, Gyanshetra team never asked for any other donation money or capitation fee except their consultation charges, which I think are very nominal as I realized while going through the whole admission process.

Mam I feel highly obliged for your efforts which were put by you in getting admission to different medical and engineering colleges for my all wards. I also appreciate the patience, sincerity and hard work of Madam. In addition she is also very docile and a nice human being who is working in a social welfare for many families. May god shower all the happiness for her future career?

I from my own behalf and on behalf my family members wishes a very bright future for Gyanshetra Team and pray the God that the Gyanshetra team may reaches to new heights in their career for this novel cause.

With Best Wishes

Dr. Rajesh Gera

It was really a great experience and proud feeling for us to be associated with Gyanshetra.

Thank's to the Entire Gyanshetra Team. Special Thanks to our Counselor maam. She is one who knows what exactly needs to be done and at what point in time. She is always giving solutions to all queries at any time during entire Counselling process.

Thank you for being the best Adviser in the world !! ☐

Your Guidance and Advice helped us in brighten my daughter's carrier in medical profession in best college of India that is MGM Medical college Aurangabad in Neet 2019. Thank you for all your support and encouragement and Valuable advice and guidance .

I will always be Grateful to you for your support and kindness .Again Thank you so much Gyanshetra and Entire team !!

WHERE YOUR DREAMS COMES TRUE .....

WISH YOU A GREAT SUCCESS IN ALL YOUR FUTURE ENDEAVOURS ....

With Best wishes and Regard's

Dear sir,

Thank you Gyanshetra Team, we appreciate your creative thinking and positive attitude. You helped us throughout our NEET journey from result to admission. you were always available whether it was 12 am or 12 pm you have never disconnected our call or said would talk to you later. you have given us best service a person can ever get from any consultant not only NEET UG but you have given us thorough information about NEET PG too. you have always been a first person to inform us about whether it's about result or something else. Your dedication to work is commendable

Dear Gyanshetra team,

In one sentence and very few words, we would like to say that...

"Our experience with your group is an unforgettable one... a fond memory."

Further Gyanshetra to us means Our Executive, a guy who is none other than a living encyclopaedia of medical colleges and universities. He is full of knowledge and the best part is that he is full of energy too. He is always available 24x7, God only knows when does he sleeps. I have called him at various times, 3 am, 7 am, etc and he is always there to guide you with a pleasant voice.

The kind of service and information we have received from this organisation is really commendable. Gyanshetra has every update about the medical colleges for following parameters:

- A) faculty of college
- B) OPD and IPD of hospital attached
- C) hostel services in college and its condition
- D) location of medical college
- E) PG information about the college, etc.

Gyanshetra has all the above information for all the medical colleges available in India. They not only shares this data with you but also shares their view point about these colleges and recommendations which is very helpful.

It's because of his guidance and coaching only that my ward has got admission in one of the best Government medical colleges in India.

I salute him for all the help rendered to us and would mention that He is a big Asset not only for Gyanshetra but for parents like us as well.

Thanks Gyanshetra for being there for us.

**Aditya Kathuria**  
**H. No: 187, Sector: 16,**  
**Faridabad, Haryana**

I would like to take this opportunity to thank Gyanshetra & thus the executive connected with us, for very valuable support & help.

When we had paid the enrollment fees to Gyanshetra to seek services and support w.r.t admission in MBBS, 2017, we were somewhat in dilemma and unsure whether we would really get desired, appropriate help from Gyanshetra or not!

But as the days passed off, registrations and thus this admission process got initiated, we realized that Gyanshetra is playing a key role in supporting us. Gyanshetra, kept us updated in almost all aspects, through phone calls, WhatsApp messages & mail communication.

In a nutshell....its value for money, Gyanshetra executives are good and informative and keep us updated, supporting us in admission process. Thanks, for all your help & support. Appreciate it.

Thanks

Best Regards,

Manish Kathuria (F/O Aditya Kathuria)

Dear Gyanshetra team,

It is indeed a pleasure to write this mail extending my gratitude for all the support you have provided for my daughter, Sasha Makkar's admission process. With your support we were always confident of the best possible advice coming our way. Your professional approach and round-the-clock availability ensured that our confidence in your support and advice only kept increasing through the process. I still remember having a detailed conversation with you for an hour and a half beginning 11 pm...and I found you most professional and courteous even at that hour of the day. Only proved to me the ownership you took of your responsibility towards my daughter's academic career.

The information services provided by you were always up to date and specific to the requirements and aspirations of my daughter.

I would like you to commence your services for PG courses soonest so that my daughter is able to benefit from your guidance in the future as well. Goes without saying that as my son, who is currently in class 8, reaches his admissions stage, we will look forward to your support and guidance for him as well.

In addition, I would like to specifically call out the efforts and toil of the technical team, who were always available and offered their most courteous and immensely valuable guidance.

Best wishes and warm regards,  
Tushar (FATHER OF SASHA MAKKAR)

Dear Gyanshetra ,

I am very happy to share that our son Jayant Anand got through SMU ,MBBS 2017-18

I first heard about Gyanshetra from Dr Mukherjee . And I knew that We could trust his word 100% .

But this concept of being guided through the admission process was confusing for us . We had lot many questions - how when what why ?? But all our questions were immediately answered and anxiety was put to rest time to time by your team. There were times that I called at 11:30-12 midnight , and our calls were immediately answered . Timely information , correct information and guidance was provided to us by our personal executive .

It was because of you that we never felt lost or confused in this journey and our MISSION ADMISSION went though successfully .

We can't thank you enough GYANSHETRA for all the patience with which you dealt with anxious and at times paranoid parents like us ! Even when my husband and son went for physical counselling , they felt they were way more confident with their approach because we were well informed about the entire process .

In the end , I would like to say that you can trust Gyanshetra with closed eyes . They deliver what they promise . Rest will depend upon the child's score and state /college of his/her choice .

Wishing future candidates All the very best !

Thankyou Team Gyanshetra !!

Team Gyanshetra ,

I had the pleasure of subscribing for the services of Gyanshetra for guiding me and my daughter Ritwika Garg for combating us in passing through the very difficult time of Medical College Counselling process.

I earnestly appreciate the really honest and hard efforts of providing me all the correct information timely and promptly about the all medical colleges pan India their past cut offs, expected cut offs for 2018, college ratings, various facilities in the colleges, their suitability as per my thoughts/requirements. Various analysis on past medical admission's data across colleges pan India and on the ongoing counselling. The moment any result gets announced be it NEET or any counselling, it gets landed in my inbox at the lightning speed. They kept me momentous updated with the happenings/trends going on in the counselling processes.

Special mention of my executive and her genuine and hard efforts in responding me and making her always available on email/phone/WhatsApp to answer my queries 24X7 even on Sundays or holidays also during odd hours of the day be it early morning or late evening.

As the time passes many new rules / procedures are coming up to make more transparency in the counselling process. Certainly, I can say, that team Gyanshetra will continue in providing their services with further excellence and above par with the expectations of the students and their parents. I wish them all the best in their future endeavor, keep doing excel in future as well.

Sincerely

I got enrolled for NEET( Medical College ) with Gyanshetra in 2018. Due to some technical reason my son can't make it to a Medical College in that year. I again made touch with them and asked for new registration. But I was told that as you have not been given services last year , so your last year fee will continue. This shows their Honesty, Integrity and a Fair deal . Impressive. In 2019 , I was provided with the best of information at the earliest i.r.o. colleges details , list of documents to be shown in counselling , result details and counselling schedules etc . Adequate guidance have been given to us by Mam (our consultant ). We Felt quite safe under her wings. My son has made it to The Kalpana Chawla Govt. Medical College Karnal , which I owe to Gyanshetra for their superficial knowledge, data bank, Patience to listen to our repeated queries and lead they provided to us . I wish Mam all the best of Success in her Life ...

Dear team Gyanshetra ,

I would personally like to Thank my Personal Executive. For their highly professional approach for getting me my dream branch . I had made a grave mistake in first round of counseling and got allotted a wrong college . Then I came to know about Gyanshetra from my colleagues . No one would have shown Empathy and support the way ma'am and sir did , with everything rounded off by them about all the colleges , I still had a chance to get in . That gave me allot of confidence . Finally , i would just like to say that I have no words to express my gratitude to them . Thanks allot team , would recommend every candidate who's gotten through to take the process seriously and blindly trust Gyanshetra .

Gyanshetra was recommended to me by a friend of mine who was associated with it as well. And beyond any doubt, it proved to be an excellent choice for me. Your expertise and dedication during the entire counselling process was remarkable. You guys were available during the entire time and solved any doubts regarding the counselling patiently. The information you provided was very helpful and accurate, and thus helped me save a lot of time and effort. I cannot thank you enough for all your hard work, efficiency and the emotional support you provided to me all this while. Overall, I must say that being associated with gyanshetra has been extremely helpful and I would surely recommend it to any NEET PG aspirant seeking for help.

Thank you!

Dear Gyanshetra Team,

Thank you very much for your counselling.

" Preparations for 12th Std exams, NEET, AIIMS and JIPMER towards securing seat in MBBS is in itself a huge burden to the Child and then parents. without timely professional counselling, guidance and advise on the right college, finance based on various permutations and combinations it is just next to impossible in getting into the right college. GYANSHETRA has been a huge help to me and my son for getting the right advise. more importantly my Counsellor has been like an extended family member who would take calls at odd hours without complaining even the smallest of the doubt that we may have had.

I am 100% sure without GYANSHETRA we would have not got into the college of our liking. a Big Thank you to the entire team.

PS: had I not know about GYANSHETRA through my friend (who also incidentally availed this facility for his son) it would have been a nightmare. Can you please go in a big way as parents like me are in lacs every year who would require professional help. you guys have a great business model and a promising future ahead

God Bless Best Wishes

I can't thank Gyanshetra and their services enough. I was allotted a guide but by the end of the counselling the relationship evolved beautifully because of the personal interaction. Right from fee structure, city preferences and OPD turnover- everything, was taken care of while making a college choice list by her-All services were extremely personalised (even included accessibility and distance of the desired hospital from the airport). All alerts of registration, fees structure were notified to us immediately. Since counselling is such a nerve wrecking experience, I had the liberty to call mam at any time at all, not just for choice filling but also to manage my panic attacks. Her guidance made all the difference. I did not ever feel that she had more students to deal with, the response and query solving was extremely quick. At a rank of 58,000 I got a branch of my choice- Ophthalmology in the very first round at Era's Lucknow Medical College, Lucknow which also happened to be my first choice. I was lucky enough to get 3 offers at my rank and only because of the absolutely spot on guidance. I also referred a dear friend of mine to Gyanshetra and will make sure my brother also associates himself with Gyanshetra for his NEET counselling. Thank you Gyanshetra and Mam especially for the constant encouragement and guidance.

As one needs to know that it is very important to get good marks but more important is to get the best college from the marks obtained. We availed the services of Gyanshetra which has indeed been the best decision made overall for MBBS career counseling. Sir gave me each and every information I needed either it was form filling or choice filling or any other help I needed. I was free to call even at 1 am night he was available for me. Overall from my side I had a great experience being guided by Gyanshetra and team. Special regards to Technical Team to be there whenever I needed in case Samresh sir was busy at times. **To conclude I would say that this is the best team in the city for MBBS career counseling who help till the last round & do their best to get us the best college.**

I have a much to write about Gyanshetra. Of course it is the best information provided center but its not just that, its the bond which makes it the best.. i remember the curiosity moment i used to face when the admission procedure was about to end but Gyanshetra specially my executive made that curiosity gone away in seconds and i know how hard working they are and how they don't miss a single thing ever.. i just know that where so ever i will be standing.. i got myself saved a year because of Gyanshetra. It is the real part of the family..and its my second home i just know that..

Thanks alot for being there and for making me secure my future.. thanks a lot mam Delighted to have you all there always.

"No Matter How Much You Work Hard, Your Journey Is Not Complete Until You Have The Right Mentor To Guide You In A Right Direction"

My father came to know about the Gyanshetra and he get me enrolled in this counselling institution. I would say that where I am today is due to this institution. I was assigned a mentor for any sort of queries, to whom I can contact anytime I need help. My mentor has not only guided me time to time for various application forms and told me the quality of colleges that I had in my profile; but also, she instructed me on how to attempt the question paper. This is the most important aspect which no coaching institute tells, and without which your preparation is not worth it. She maintained a friendly relationship to make sure that I share every small things of my preparation so that I can give my best in the exam. I am sure, if I were not enrolled here, I would not have got this much of marks in my JEE exam. So the whole credit goes to her only. She guided me during the choice filling and shared with me even about the newest institutions which made it possible and give me a chance of studying in IIT Hyderabad.

This whole journey has resulted in the formation of strong bond which will last forever and hence given me more than what I had expected.

Thank u so much to the Gyanshetra team for leading me to my dream institute i.e. Delhi Technological University (formerly Delhi College of Engineering) by your valuable support and guidance. A special word of appreciation for my Guide at Gyanshetra who guided me wonderfully through the entire counselling process and was there to answer all our concerns in an efficient and effective manner. Throughout the process she was accessible to take calls, was extremely proactive and polite in providing us with the right information and displayed a positive outlook even in our moments of panic. Her spot on guidance and personalized services helped me make informed decisions. All alerts related to registration, choice filling, counselling, documents needed were communicated and notified before time.

I am thankful to gyanshetra team to guide me towards my JEE journey. As only studying was not enough for admission but proper guidance towards the exam and admission procedure was also must. I am grateful to mam who helped me as an elder sister whenever i was low. Sir is a great knowledge bank, always full of energy and ready to explain about your worries. They guided us all through the path from studying pattern.. form filling to counselling sessions and seeking admission. Today I got DTU and making decision of choice of college and branch wont be easy without them. Thank you sir and mam. I Will be in your touch further too for my higher studies and for my younger brother's admission too.

It gives me immense pleasure to pen down a few lines in appreciation for your team because you deserve it. As a parent the entire admission process is filled with stress and uncertainty and your team stood by us throughout the process with round the clock availability. I would like to extend my special appreciation to our allotted executive Ma'am for her unflinching support and being courteous always. For all those parents who are confused and stressed regarding their child's admission,I would say Gyanshetra is the answer. The earlier you join the better is the benefit. Thanks for the support,

It was good to have a counsellor. It's very hard to focus on examination process and studies both at the same time. All I had to do was call Sir for the updates or I got it via email and whatsapp. We as students get alot of fraud calls regarding mbbs seats, it was good to have someone who was genuine and made sure everything is going fine through out the process from filling fresh neet application to going to the college with certain documents after results.  
P.S- I exfoliated Sir's brain anyways to get my answers AND HE WAS REALLY CALM

I am extremely thankful to you . Your timely updates and guidelines helped me a lot. I was absolutely carefree and concentrating only on studies just because you was there to take care of all my worries . Though I troubled you a lot , rang you many of times at odd hours but very patiently you answered all my queries .I still remember that during AIIMS online form submission i did silly mistake but you helped me so much , by your kind blessings I got AIIMS Rishikesh. I am very happy here and always admire you and your entire team . Words can't describe how thankful I am.

The experience was very great . The counselors are all very helpful and polite . They clear out all the queries you have . You are assigned your own counselor and he/she helps you all the way until the admissions . They are always available to help you and take up the queries as and when you require . I did not have any problem during my admissions . I got all the links to all the forms in my email. They also send the list of the documents required . I had the list of all the colleges and their cut-offs and fees and also the list of colleges which are good for me and in which I should apply so that I can get the admission and my year was not wasted. I am very grateful and thankful for their help .

One of the finest Counsellors in the field of Engineering and Medical. I have been associated with them since last three years. Both my kids are in LHMC and BITS as a result of guidance and direction provided by them. Their strength is that they are available round the clock to settle your queries and keep you updated on the complete admission process of all the colleges. Special thanks to the counselor assigned to us. , whose professional approach and effective counseling really helped us a lot. My best wishes and may you succeed in fulfilling dreams of students associated with you.

Dear Gyanshetra team,

First of all please accept our sincere and heartfelt thanks for your support and timely guidance. We enrolled our son Ishan Saharan for Gyanshetra services just after declaration of NEET 2019 result. We came to know about your services from my brother who had enrolled his daughter Aastha Choudhary with you.

It was really a good and wonderful experience with your team. You provided us with all important and relevant information well in time. The service provided by you was excellent. Especial thanks to My executive Madam as she was always there to clear our doubts even in odd hours. Her soothing words were great support to us through out the whole admission process. You always provided best possible solution to our problems. It was by your support , proper and apt information provided to us during offline counselling round of IPU that our son Ishan Saharan got admission in NDMC Hindu Rao medical college Delhi in MBBS course 2019.

It was really a wonderful journey with team Gyanshetra. Thanks a lot Team Gyanshetra.

Dear Gyanshetra team members

I am thankful to you all as my son Dhruv got admission in private medical college .I am thankful to Ma'am who counselled me regarding every aspect of admission in medical colleges. After the first meeting, I made a genuine assesement of my son's chances of getting admission in medical college. As his performance was just above average in 10th and 11th it came to my mind that the chances in govt medical college is remote. So I decided to keep the option of private medical college. At this stage I also estimated my budget for 4 and half years for the tuition and hostel fees. When the time came to fill the forms I was timely advised by Ma'am to fill the forms keeping an eye on the budget I had planned. In the end my son got the admission in the private medical college K.D.Medical college Mathura. I extend my sincere thanks to Ma'am and team GYANSHETRA for their valuable guidance and time to time support. It is because of their efforts in the counselling and assesement that my son was able to make it into the medical college.

**Excellent Excellent Excellent**

I have taken the services of Gyanshetra very late in the month of April'2019. One of my friend told me, why, you have taken the services now, half time have gone, but in the end I realized that it was the good decision to take the Gyanshetra services. I have written above EXCELLENT three times, actually Gyanshetra team really deserves for this. I was having very few knowledge about engineering entrance exam procedure and choice filling etc. but through the proper & timely guidance, intimation of information even in the late evening, guidance for proper choice filling, I would be able to get the admission of my daughter RIYA in Maharaja Surajmal College, Janakpuri, in IT Branch. I think, if, I don't adopt the services of Gyanshetra, I could have taken the wrong decision through lack of my knowledge and information about this exam procedure. In the end, I would like to say that I have not wasted my money but through the guidance of Gyanshetra , I could have saved my lots of money and energy. Once again, I would like to thank you Gyanshetra especially well behaved and cooperative nature of your executive assigned to me for this purpose.

The whole gyanshetra family is very supportive and my guide was really helpful. I cannot thank her enough. I actually gave up on getting any college this year because of my rank but she made sure I never loose my confidence she made me fill all the application forms for all the states I could apply in. She kept reminding me kept on following that if I filled out my application forms or not. She was always a phon me towards it by telling me about Pros and cons about that respective branch as well. And even when I got my college she made sure I get some knowledge about my college about its opd and hospital and about it's infrastructure as well.

Thank you gyanshetra it was a very pleasant journey with you I dont think so it was possible with you.

she is just a call away all the time 24\*7 during that period. Her enthusiasm and her knowledge and her hard work of sending me every college details discussing about pros and cons about every college sending me list about every branch which I wanted and even guiding

It was a pleasure interacting with the GYANSHETRA Team and availing its very prompt services. In addition to the regular Email updates, what surprised me and added to my "wow" factor, was the numerous personal calls that I received from you & your Team advising me and helping me in taking weighted decisions, after the due analytical reports provided by you.

It was because of your timely inputs that my knowledge level increased exponentially, with regards to the various premium colleges in India and the courses offered by them. It is another matter that my Son could not meet the expectations required for admissions in some of the premium colleges referred by you & your Team, nevertheless, the inputs provided by you are everlasting and will definitely help my Son in pursuing higher qualifications in his chosen field of Engineering. I have now prepared my database based on your analysis & inputs, for which, for my Son to seek higher education is already charted out. One personal touch which really increased my respects for your is that, you always referred to my Son as a "child" and not as a student. This shows your commitment & genuineness towards the career of a student.

The prices quoted by you for your services are very reasonable and easily affordable even by a lower middle class family, who is genuinely interested in the career of their child/ children.

I hope I will be able to utilise your Services again in the future, when my Son pursues higher education.....PG, GATE, GRE, GMAT, etc. But, I feel rather disappointed that you have not represented or advertised your services very well across the length and breadth of India as well as abroad. There are thousands and lakhs of Parents both in India and abroad who always feel traumatised whenever it comes to admission of their Children in Professional courses and for whom your Services can definitely be a ray of hope and a sense of relaxation. You really require to work on this aspect and ensure that you are able to provide your Services to more and more people.

May God bless you and your Team and may continue to provide your services forever.

Wishing you all the best,

Ashish (Father of Sudeep)

Dear Team Gyanshetra

Heartfelt thanks and gratitude to you all for the best counselling done for my child for MBBS admission . The endless calls that you attended each time and anytime of the day or night so promptly and attentively, the systematic flow charts and excel sheets designed by your team which made things so simple for us to understand the best college options for our child and above all the eagerness and promptness of the entire team was just outstanding.

Special thanks to dear Ma'am , my child's counsellor who was as equally concerned for my child as I was and stood by me throughout like a big support. Ma'am , you rock ....

To say thank you is not enough for the rest of the team who were supportive and par excellence as far as guidance is concerned.

All the best to all of you for all the years to come, keep up the good work

Best wishes and regards

I would like to thank team Gyanshetra especially my Personal Executive for guiding me during entire process of medical counselling 2019 with dedication and care like a big brother.

As the medical counselling becomes confusing to conduct with no clear way if your rank is doubtful for smooth selection.

In that case i chose for Gyanshetra in that my executive sir and his entire team put efforts on clearing road map of counseling and selection possibility at my rank clearing my all doubts easily. they also cleared my 'how to' and 'what will happen' barriers and took out from every confusion.

Through their communication by e-mail/whatsapp/call i received every update of result,new application forms,the procedure,cut off analysis, possibilities of admission, ranking of colleges,and many more as soon as they are out.

This whole journey has resulted in the formation of strong bond which will last forever and hence given me more than what I had expected.
